

# Vasyl Kovenko *Frontend Developer*

✉️ ortoswt@gmail.com    🌐 [github.com/Kowenjko](https://github.com/Kowenjko)    🔗 <https://nuxt-4-portfolio.vercel.app>

## 👤 Profile

Frontend Developer with 3+ years of commercial experience. Specialize in **Vue 3 / Nuxt 3**, creating modern, fast, and scalable web applications with API integration and custom functionality. I have experience working with both Ukrainian and foreign clients. I also have some experience with **React / Next.js**, and on a non-commercial level, I have worked with **Python (FastAPI, Django)** - developing backend APIs, authorization, GRUD, and small internal services. I am responsible, a team player, and results-oriented. I am constantly improving my skills, following trends in frontend development, and I love working on real products that benefit users.

## 💼 Professional Experience

### ABVV.Group, Frontend Developer
